63 responses

Suggestions

1. There should be more course related books in the library.
2. There should be more industrial visits for commerce and computer students.
3. Teachers should give more projects and real time problems.
4. There should be new generation computers in labs.
5. Visualisation techniques should be improved.

6. There should be more experimental work.
7. More technology should be used during teaching -learning programs.
8. Teachers should use some technical items such as projector for showing students animations for the required subjects that would enhance the study experience.
9. There should be more sports activities on the college campus.
10. Teachers should give education about how to live, survive and behave in society.
